Imager <https://imager.io> <https://github.com/imager-io>

Automated image compression for efficiently distributing images on the web.

PROFESSIONAL LOCATIONS

GitHub

- <https://github.com/colbyn>
- <https://github.com/imager-io>

INTERESTS

Functional Programming Languages & Type Systems

Resources

Write You a Haskell

I loved “Chapter 7: Hindley-Milner Inference”, didn’t understand it, but it worked and blew my mind.

Rust

It gets the job done; not very thought provoking though. The ecosystem is getting very lively, just the other day I was playing with a rust based creating coding framework:
